In the pocket, on the sides of the pants, I want to integrate small track numbers like 1/20, 2/20 ... up to 20/20. This should indicate which tracksuit you have. For example, you can see that this is the first out of 20 Tracksuits. It should start again from 1/20 for each color. So, for all three colors, it should go from 1/20 to 20/20. It should be relatively hidden, so that it can't be seen from the outside when looking at the pocket.
